INFORMATION REGARDING SOCIAL NETWORKING & ELECTRONICS

Because the Internet could be a source of much public information about yourself, we need to know what presence, if any, you have there. Just “Googling” a name often provides valuable information and is permissible.

Also, all of us now have reliance upon, and information contained in, electronic devices such as computers, tablets, cell phones, and digital cameras. To properly advise you, we need to know the following:

1. **Do you have a profile on a social network like Facebook, Twitter, LinkedIn, Myspace,**

Google Plus, etc.? Yes No

Is it in your name? Yes No

If not in your name, what is the name associated with the profile? _____

How many such profiles do you have? _____

Are they open to the public? Yes No

What is posted? _____

When was your most recent deletion or change to each of your social media sites? _____

Where else do you post communications? _____

Have you commented on articles, blogs, or pictures on other people’s social media sites? Yes No

Do you use social media software (such as X1 Social Discovery software or Archive Social software) that collects and makes a record of all entries and data (or “mines” everything) that is currently on or has been on your social media site, or would you do the same on someone else’s social media site? Yes No

2. **Do you have your own website?** Yes No

If so, what is the site(s) name? _____

How long have you had it? _____

When did you first launch the site? _____

When was your site last changed? _____
